- Increase of 23% in enterprise annual recurring revenue (ARR) totaling more than US\$722 million
- Increase of 8% to 436,000 active subscription customers
- Increase of 22% year-over-year (YoY) totaling over 71 million+ enterprise assets protected

TOKYO, Aug. 8, 2023 /PRNewswire/ -- [Trend Micro Incorporated \(TYO: 4704;TSE: 4704\)](#), a global cybersecurity leader, today announced earnings results for the second quarter of fiscal year 2023, ending June 30, 2023, by reporting 11% year-over-year growth.

With over 500,000 enterprise organizations and over 17 million consumer customers across more than 175 countries, Trend Micro protects more of the world and sees more threats to power the AI engine of its platform. This propelled the company in its protection of 71 million enterprise assets at a growth rate of 22% YoY.

The transformation to platform and SaaS adoption has driven the enterprise customer segment to constitute 76% of the overall Trend Micro business gross sales in the first half of 2023. This is driven by an 8% increase in subscription customers globally and a 23% YoY increase in enterprise ARR totaling more than US\$722 million\*.

"While organizations worldwide battle decreasing resources and consistent cyberthreats, we are focused on meeting one of their biggest cybersecurity needs: risk visibility," said Trend Micro CEO and co-founder Eva Chen. "Innovations in generative AI and our cybersecurity platform are allowing organizations to simplify their security and reduce risk, which we now see happening more frequently."

For this quarter, Trend Micro posted consolidated net sales of 60,831 million Yen (or US \$442 million, 137.61 JPY = 1USD). The company posted operating income of 8,639 million Yen (or US \$62 million) and net income attributable to owners of the parent of 5,482 million Yen (or US \$39 million) for the quarter.

The company will not revise expected consolidated results for the full fiscal year ending December 31, 2023 (released on February 16, 2023). Based on information currently available to the company, consolidated net sales for the year ending December 31, 2023 is expected to be 248,500 million Yen (or US \$1,840 million, based on an exchange rate of 135 JPY = 1 USD). Operating income and net income are expected to be 34,800 million Yen (or US \$257 million) and 25,100 million Yen (or US \$185 million), respectively.
